AI Usage Declaration

Field	Declaration
Student name and ID	Saad ul Irfan, 231713
AI tools used	ChatGPT (GPT-6); Ollama / Qwen 2.5 3B
Tasks for which tools were used	Python code scaffolding, evaluation scripts, debugging guidance, report drafting, and local LLM inference
Main prompts	Build Stormwatch Harbour simulation; compare policies; integrate local Qwen; test safety and prompt injections; prepare report from saved results
What I changed or verified	Ran scripts in VS Code; checked terminal outputs; verified model installation; stopped time-consuming incomplete experiments
Code written with AI assistance	Simulation, evaluation, Harbour Master integration, and test scripts received AI assistance; review exact files before signing
Signature and date	_____ / _____
